A brand you can trust

BTL-UK Ltd is proud to be a committed and trusted European manufacturer of Dunlop Bearings, Transmissions and Linkages. We are committed to offering all of our customers not only the widest range of quality products, but a world class quality service that you would expect from a global brand.

When purchasing any BTL-UK product you can be assured that only materials of the highest quality with full production traceability have been used, and have been produced responsibly by a manufacturer with the expectations and demands of its customers foremost in mind.

Largest range in Europe

BTL-UK's product range and stock holding is now one of the largest found anywhere in Europe, stocked in the UK, and available for immediate despatch or collection.

Our fully trained, dedicated and friendly staff are waiting to provide you with any help you may need to make your selection. If you require specialist advice a BTL representative is available, simply contact our sales team and an appointment can be arranged for you.

Many of the world's most prestigious original equipment manufacturers within the automotive, agricultural, industrial and recreational sectors now rely on BTL-UK for high-end quality products.
